If a person to whom a tender form has been issued fails for no satisfactory reason to submit his tender within the time fixed in Condition 3 above, his tender form deposit of Rs. 50 will be liable to be forfeited at the discretion of the Conservator of Forests.

8. A tenderer shall before making his tender, examine in the office at which he obtains the tender form a copy of the agreement he will be required to execute in the event of his tender being accepted and shall sign and deliver a statement at the time of applying for a tender form to the effect that he has fully acquainted himself with the terms of such agreement and that in the event of his tender being accepted he will, within the time fixed in Condition 13 below, execute an agreement in terms of the specimen agreement. As evidence of his having examined the specimen agreement the tenderer shall sign his name on it in the space provided for the purpose.

9. A tenderer who has not previously held a Forest Department contract, when applying for tender forms, should furnish the Officer issuing the forms with a written statement giving his full name and permanent address, stating in which district or districts he owns landed property or other interests. The extent of landed property, and the nature and extent of other interests should also be given.

A tenderer, who has carried out contracts with the Department but not in the Division or Districts concerned in the notice calling for tenders, should state in which Division or District or Divisions or Districts he has held contracts.

A tenderer, who has carried out Government contracts with any other department should state the name of such department and the District in which the service was rendered, as well as the other information required.

No tender form will be issued to any person or on behalf of any person whose name appears in the list of defaulting contractors

10. No tender will be considered unless the conditions laid down above have been complied with.

The Government reserves to itself the right without question to reject any or all offers and to accept any portion of an offer. No offers will be entertained from persons whose names appear on the list of defaulting contractors.

11. Tenderers should, before tendering, satisfy themselves as to the timber contents of the area of exploitation; no representations as to adequacy or quality of such contents will be entertained after an offer has been accepted for the right to exploit the area.

12. The tenderer should quote a lump sum or (premium) both in words and in figures, which shall indicate and include the amount of money the tenderer is prepared to pay for the exclusive right to exploit the area in question, but shall not include the value of the material which the purchaser of the right shall pay to the Forest Department at the time of removal at the royalty rates specified in the schedule annexed. The attention of tenderers is specially drawn to the minimum premium, that will be considered, for each area shown in the annexed schedule.

13. The successful tenderer for each area shall within ten days of being informed in writing that his tender has been accepted, pay in full the amount of his offer and enter into the necessary agreement. He shall supply at his own cost a stamp of the value of Rs. 10 to be affixed to the original copy of the agreement. He shall also deposit before signing the agreement the amount shown in the schedule annexed thereto, as security for the due and punctual performance of the agreement. Should he fail to comply with these requirements his tender form deposit may be forfeited to the Crown; he may render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract in future, and to make good any resultant loss; further the service may be offered to another tenderer in which case no claim for any profit that may accrue to Government by such offer will be entertained. Notice of acceptance of the tender will be deemed to have been received by the tenderer if it has been sent by post addressed to, or left at, the address given by the tenderer. All other tender form deposits will be returned upon signature of the agreements.

14. The agreement shall be entered into by the successful tenderer (hereinafter called the contractor) with the Divisional Forest Officer within whose jurisdiction the area of operation lies, acting for and on behalf of HIS MAJESTY THE KING, and the designation of such officer shall mean and include the officer for the time being holding such office and his successors in office for the time being under the Government of Ceylon.

15. After execution of the agreement the contractor may commence the felling and conversion of trees and the collection of timber at the Wayside Depots established by him in the area with the consent of the Divisional Forest Officer and referred to in the agreement, where, subject to reservation specified in Special Condition 3 (*a*) and (*b*), payment must be made at the royalty rates referred

to in the attached schedule, for the respective classes. Final removal will only be permitted on removal permits in the prescribed form, under the hand of a Forest Officer, and only in respect of timber which bears the Government hammer mark " S ". Material transported outside the area of operations shall bear a distinctive property mark, indicating ownership of such material by the contractor, who shall register such property mark with the Divisional Forest Officer at the time of signing the agreement on payment of a fee of Re.1 annually. In the case of any part of the timber which is permitted to be utilized as firewood, however, the Divisional Forest Officer may authorize the issue of removal permits without the necessity for stamping of or affixing any property mark to such material. The material found in the area will for purposes of payment be divided into the following classes :—

A.—*Railway Sleepers.*

(i.) Broad Gauge : Satinwood, palu, milla, ranai, and na.
(ii.) Narrow Gauge : do.

15. (*a*) The contractor shall supply labour for enumeration of trees ; stacking of timber in depots for purposes of taking stock or measurement with a view to recovery of royalty, &c., and for any other work connected with the agreement deemed necessary by the Divisional Forest Officer concerned. If the contractor shall fail to supply labour for such work, it shall be lawful for the Divisional Forest Officer (if it shall appear to him expedient to do so), to take the work into his own hands, after giving one week's notice in writing to the contractor that the said work will be completed by the Divisional Forest Officer and thereupon to employ sufficient workmen, overseers, and materials to finish and complete the same. And the contractor shall be liable to pay and make good such sum or sums of money, if any, as may be spent by the Divisional Forest Officer in the completion of the said work and the contractor shall authorize the Divisional Forest Officer to recover such amount from moneys that may become payable to the contractor under this agreement.

(*b*) The contractor shall not in any manner do, cause, or procure to be done, any act, matter, or thing whatsoever to delay or impede the completion of any works under clause 15 (*a*) above which may be carried out by the Divisional Forest Officer or to obstruct the person or person so employed by the Divisional Forest Officer or to prevent them from using the implements, tools, &c., which shall have been or shall be provide for the execution of any of the said works, and shall not in any way molest or cause to be molested, the Divisional Forest Officer or any person employed by him.

16. The agreement may not be assigned or sublet without the authority of the Tender Board. In the event of the Tender Board refusing to authorize assignment or subletting of agreement or to recognize a power of attorney and the contractor not being prepared to carry on work on his own, the right of exploiting the area shall be readvertised and on its resale the contractor's rights shall automatically cease, and he shall not be entitled to refund of any sums paid by him or to any claim whatsoever on account of the resale.

17. The contractor shall not employ any person whose name is on the list of defaulting contractors. The Conservator of Forests may, for reasons which appear to him sufficient, give notice in writing of his objection to the employment by the contractor of any person specified in such notice, and no such person shall be employed by the contractor.

18. Special rules for felling, conversion, and removal of material which are to be observed by the contractor are more fully outlined in the Special Conditions given below. Nothing in these Special Conditions will exempt the contractor from liability under the Forest Ordinance, No. 16 of 1907, should he be responsible for the commission of a Forest Offence.

19. The contractor shall indemnify the Crown against any claim, by or in respect of any employee of the contractor under the Workmen's Compensation Ordinance, No. 19 of 1934.

The payments to which the contractor may render himself liable under the agreement may be deducted by the Divisional Forest Officer concerned from all moneys then due or that may become due to the contractor under this or any other contract he may hold under Government and/or from the security deposited by the contractor and hypothecated to the Crown under clause 13 hereof or be recovered from him by action at law.

21. The Government reserves to itself the right, without question, of ejecting the contractor's employees and of rescinding the agreement if the above conditions are not adhered to.

22. In case of any disagreement arising between parties to the agreement it shall be referred to the Tender Board whose decision in every case shall be final and binding on the parties to the agreement.

23. For any further information, application should be made to the officer issuing tender forms.

Special Conditions.

(1) The Forest Department will, as far as possible, assist contractors in disposing of material extracted from their areas. The Railway Department will buy direct from the contractors, subject to stipulations shown below, sleepers of the correct specification (copy attached) in respect of species, quality, and dimensions, brought from the felling area to the Railway line sides or station yards. The Railway Department will pay the contractors for all accepted sleepers at the following approximate rates :—

	Rs.	c.
1st Class Broad Guage sleeper delivered on Broad Gauge line	5	50
2nd Class Broad Gauge sleeper delivered on Broad Gauge line	3	0
Narrow Gauge sleeper delivered on Broad Gauge line	2	50

It should be understood by tenderers that no guarantee is held out that payment will be made by the Railway Department at the above rates as they are subject to revision. Narrow gauge sleepers should not be converted except on the orders of the Forest Department which will issue such orders after ascertaining the requirements of the Railway Department. The contractor shall extract as many sleepers as his coupe could yield. Should he fail to do this he shall be liable to forfeit his security in full or in part.

(2) A Forest Department representative will pass all sleepers for species at the same time that the Railway Department's Inspecting Officer passes them for specification and payment ; and the Forest Department will generally advise the contractor during the course of the work as to the specification and standard of sleepers required, but the onus of supplying sleepers which comply with the Railway Department's specification rests on the contractor alone.

(3) (*a*) Royalty at the rates given in the schedule will be recovered on timber in the log, converted material other than sleepers and firewood at the Wayside Depot, as and when required by the Divisional Forest Officer, and in any case at intervals of not longer duration than one month. The time and place of recovery of royalty on sleepers will be fixed by the Conservator of Forests and his decision on all aspects of this question shall be final.

(3) (*b*) The payment of royalty on the converted material may be made in 3 instalments within a period of 3 months from the date of signing the agreement.

(4) Sleepers should be delivered at an agreed point on the line side or station yards in batches or parcels of not less than 600, and as sufficient quantities become available for handing over, the Forest Department will intimate the Railway Department to this effect.

(5) The contractor shall, if required by the Divisional Forest Officer, deposit with that officer such sum of money as may be required to secure the due payment of the royalty ; and in case of default being made in the payment at the prescribed time of any royalty accrued under the agreement the sum so accrued may be withdrawn by the said officer from the sum deposited and shall then be credited to Forest Revenue.

(6) A plan will be attached to the agreement showing the working area delineated by a red outline. The boundaries of the area and subdivisions of it, as the Divisional Forest Officer may deem necessary, shall be demarcated by the contractor and work shall be confined to such subdivisions as the Divisional Forest Officer may from time to time lay down.

(7) The conditions regarding felling operations, &c., are as follows :—

(*a*) (i.) Halmilla trees which exceed 3 ft. 6 in. in girth at breast height and all other trees which exceed 4 ft. 6 in. in girth at breast height may be felled,

(ii.) The right is, however, reserved to the various Government Agents and Assistant Government Agents, in whose provinces or districts the areas of exploitation lie, to issue therefrom, if necessary, grants for requirements of villages within or adjacent to these ares of exploitation and for public purposes, in respect of trees of any species or girth. The contractor shall not be entitled to any payment for any materials thus granted.

(*b*) The Forest Department shall have the right to select for supplies to the Central Timber Depot, Public Departments, or other purposes any trees felled in any forest included in the schedule annexed hereto. Any satin log over 5 feet in girth at the butt end, which has not been so selected, shall be converted into sleepers or scantings or both. Any satinwood log having a girth at the butt end less than 5 feet or any log of other species of any girth not selected by the Forest Department may be removed by the contractor in log or scantlings, as he may desire.

(*c*) When satin trees are selected for the supply of logs to the Forest Department, the contractor shall convert, bark, and trim them according to instructions that may be issued to him and supply the logs at the nearest Railway Station loaded into Railway trucks and shall be paid for this service at the following rates :—

(8) (*i.*) If a contractor in the performance of his agreement does anything contrary to its terms or omits to do anything required thereby, the Conservator of Forests may :—

(*a*) in any case in which he is of opinion that such act or omission is a serious irregularity, cancel the said agreement and forfeit, for the use of the Crown, the contractor's security deposit and all timber in the area and the wayside depot, whether paid for or not ;

(*b*) in any case in which he is of opinion that such act or omission is a minor irregularity, fine the contractor.

(ii.) The Conservator of Forests may give the contractor time to pay such fine. If such fine be not paid within the time allowed for its payment, it will be recovered from the security deposited under General Condition No. 13.

(9) The contractor shall make good any deductions made from the security deposit within such time as the Conservator of Forests may fix. If he fails to do so the Conservator of Forests may cancel his agreement and forfeit the balance of the said deposit.

(10) The contractor shall be liable to pay, at rates obtaining under the agreement for logs left lying in the area at the termination of the agreement which in the opinion of the Divisional Forest Officer are marketable or capable of being converted.

Any trees which stand unfelled in the coupe at the termination of the agreement shall be the property of the Crown and the contractor shall have no claim whatever to them.

(11) All demands for timber and firewood in the vicinity of an area under working shall be met from that area and the contractor will be required to meet those demands and will be allowed to charge any rate not in excess of Full Royalty prescribed by law for standing timber or firewood. The contractor shall issue licences for felling and removal on his own printed forms, which shall be subject to the approval of the Conservator of Forests. Materials thus sold shall bear the Government " S " hammar mark and the contractor's property mark side by side.

(12) All produce removed by the contractor or his licensee may be stopped and examined by any Forest Officer, anywhere, and, if there is reason to believe that money is payable to Government in respect of any portion of it, may be detained until such money is paid, or until inquiry regarding it has been made. The contractor shall not be entitled to claim compensation for any loss occasioned by such detention.

(13) The contractor shall have the right to appeal to the Conservator of Forests in the event of the enforcement of any of the penalties specified in these conditions and the decision of the Conservator of Forests shall be final.

(14) Felling, conversion, collecting, and removal rights under this sale shall commence on July 1, 1940, or the date of signing the agreement whichever is later.

(16) Felling conversion, collection, and removal rights shall cease on June 30, 1941, in all cases. Applications for extensions of time will only be considered in exceptional circumstances and granted at the discretion of the Conservator of Forests, whose decision shall be final. Such extension shall be subject to payment by the contractor of 25 per cent. of the accepted premium for every period of extension of 3 months or less. The Conservator of Forests shall, however, have the power to waive this payment in full or in part, at his sole discretion, but this power will only be exercised in cases where the contractor has displayed commendable zeal and energy, or where his operations have been hindered by circumstances outside his control.

A site was finally decided upon at the Council's meeting on August 20, 1938. Papers were referred to the Works Engineer for plans and estimates on August 31, 1938. *Q.*—(7) When were the plans and estimates submitted for Council's approval ? *A.*—The plans and estimates were submitted for Council's approval on January 20, 1939. *Q.*—(8) Has the Commissioner of Local Government called for detailed plans and estimates? *A.*—Yes (on July 18, 1939). *Q.*—(9) Has the Council applied for the necessary loan ? *A.*—Yes (on February 9, 1939). *Q.*—(10) What is the delay in giving effect to the Scheme ? *A.*—Awaiting the preparation of revised estimates which were held up until receipt of revised quotations from Messrs. Premachandra asked :—*Q.*—(1) Will the Council give the date on which the Council adopted the procedure to charge interest from contractors for materials supplied to them ? *A.*—March, 1939. *Q.*—(2) Whether the procedure was authorized by Council ? *A.*—No. *Q.*—(3) If not, on what authority it was done ? *A.*—On Chairman's authority. *Q.*—(4) Does the Council actually pay interest on materials purchased from private firms by contractors through its officers ? *A.*—No. *Q.*—(5) What sum of interest has been paid by contractors since this system was adopted ? *A.*—Rs. 43·64. *Q.*—(6) Do not these firms give three months' credit for purchases made by the Council ? *A.*—No. *Q.*—(7) Why is it not possible to make payments for purchase of materials supplied to contractors on the month following the presentation of bills from monies due to contractors or from the amount due on their contract ? *A.*—Purchases made are paid for in the month following the supply. *Q.*—(8) If the method has been adopted to safeguard the officers of Council from any liability caused by the substitution of inferior materials in place of those specified for in the contracts, should the contractors be penalized ? *A.*—The system was adopted to safeguard against certain abuses which are indicated in the Accountant's memo dated February 15, 1939. *Q.*—(9) Is not the demand and payment of interest on purchases by Government, Municipalities, or Urban Councils unheard of and detrimental to the promotion of business with such firms ? *A.*—No. *Q.*—(10) What authority had the Municipal Electrical Engineer to remove the lamps fitted in the market ? *A.*—The Municipal Electrical Engineer carried out an experiment to reduce the number of ten hour lamps in terms of decision of Council. *Q.*—(11) What was the cost of removing and replacing them ? *A.*—The cost of the experiment is Rs. 3·62. *Q.*—(12) If the Electrical Engineer had no authority to remove the lamps is it not right that he should be called upon to bear the cost of removing and replacing them ? *A.*—This does not arise.

5C. Pursuant to notice Mr. H. A. C. Wickremaratne asked :—*Q.*—(1) (*a*) What action has the Works Engineer taken to implement the motion unanimously passed in the Council many months ago in connection with improvements to the bathing place known as Hilpenkandura in Ampitiya ? *A.*—Quotations were called for on April 9, 1940, and received on April 23, 1940. The lowest quotation has been accepted. The work will be put in hand as soon as the agreement is signed in a few days' time. *Q.*—(1) (*b*) Why is the execution of this important work which concerns the convenience of hundreds of ratepayers living in this area and in other parts of the town, so long delayed ? *A.*—Works Engineer reports " that provision was made for this work in this year's budget. Having the whole year before me I cannot start on all the works provided in the Budget all at once at the beginning of the year. I spread the execution of these works evenly throughout the year as far as possible." *Q.*—(1) (*c*) Is such delay due to incompetence or indifference on the part of the Works Engineer ? *A.*—The explanation for the delay in starting this work is given above. *Q.*—(2) (*a*) Why has the work of building roadside drains in Ampitiya not been taken in hand as yet ? *A.*—The Commissioner has been in communication with the Director of Public Works to obtain half-cost of construction. The Director of Public Works has replied that funds are not available and the matter has been referred to the Works Committee. *Q.*—(2) (*b*) Will the Mayor be pleased to take up this matter with the Works Engineer as one of urgency, particularly in view of the fact that the long suffering ratepayers of Ampitiya are entitled to receive relief, since many of the Municipal amenities which other parts of the town enjoy have been withheld from them for a number of years. *A.*—This does not arise. *Q.*—(3) As the members do not now receive any information indicating the progress made by the Works Department in connection with motions passed in the Council involving works of construction and improvement, will the Mayor kindly take steps to have a progress statement tabled in Council once in every three months showing the action taken on such motions ? *A.*—The required information is included in the Works Engineer's monthly report and statement of expenditure. *Q.*—(4) What action has the Commissioner taken to fix a halting place for 'buses opposite Walkers Limited regarding the necessity for which representations have been made by me from time to time on behalf of a large number of Mercantile employees ? *A.*—This question with the reports of the Commissioner and the Superintendent of Police was placed before the Works Committee which has not arrived at a decision as it did not meet on the 12th instant. *Q.*—(5) (*a*) Are there any Metheuselahs still in the service of this Council ? (*b*) If so, will the Mayor be pleased to take action to retire them in order to give the younger men a chance ? *A.*—There are about 50 superannuated men in the labour force who have been noted for retirement as their services are verified and gratuities computed. Seven of these cases are on the Agenda for sanction of gratuities. They will be discontinued in May. It is intended to eliminate the entire superannuated staff before the end of this year.

Mr. W. A. B. Soysa seconded. Mr. B. H. Dunuwille was heard contra.

Mr. H. R. U. Premachandra proposed the following amendment :—" Inasmuch as the only grounds on which nomination to local bodies have been sought to be justified by the Minister for local Administration are the necessity—(*a*) for providing such institutions with specialized technical advice, and (*b*) for making provision for unrepresented interests—and since some of the nominations to this Council do not satisfy even these requirements this Council strongly protests against such nominations and considers it a gross abuse of the provisions relating to nomination." Papers regarding the building at premises Nos. 8⁷, 9, 9¹, 9A, 10 and 10A, de Soysa Barracks, Ward street. (Muslim Hotel.)

The Committee recommends that appropriate action be taken by the Commissioner to implement the settlement. Approved.

12. Recommendations of the Standing Committees.—

Extracts from the Minutes of the Meeting of the Standing Committee on "Law and General Purposes" held on April 12, 1940.

(1) To consider draft of by-law for creating a Silence Zone.—Recommend that the draft be approved.

(2) Prohibition of slaughter of cattle and sale of Meat. Two conditions have been included in the licences of butchers and stall holders prohibiting the slaughter of cattle and the sale of meat on Wesak and Poson full moon days, in terms of the resolution passed by the Council. There appears to be no provision for framing a by-law or regulation for the purpose under the Ordinance. Please see report of Council's Lawyer dated March 8 and Commissioner's minute thereon dated March 14, 1940.—Recommend that no by-law need be framed as the necessary conditions have been imposed on the licence itself.

(3) To consider letter No. B 1780 of March 1, 1940, from the Commissioner of Local Government on the subject of the proposed amendment of by-laws regarding the slaughter of pigs—Recommend the adoption of the amendment as proposed by the Commissioner, Local Government.

(4) The Assistant Superintendent of Police, C.P., reports that as a result of the overloading of handcarts the view of pushers of these handcarts is obstructed and they become a danger to pedestrians and others who use the road, apart from being a danger to themselves. He advocates the introduction of a by-law to prohibit the pushing of a handcart when a pusher's view is obstructed by the load. The Committee does not recommend the introducing of a by-law as suggested by the Assistant Superintendent of Police.

(5) To consider Commissioner's Memorandum dated March 7, 1940, on the subject of the declaration of intersecting highways as main roads under section 87 of Ordinance No. 45 of 1938. The Committee recommends the adoption of the Commissioner's Memorandum.

(6) Papers *re* the question of metered water services to eating-houses. The Commissioner was authorized to issue licences pending a decision on the question.

The Committee recommends that the resolution of Council dated M. C. 5 (2) May 21, 1938, "Recommend to insist that all eating-houses in the water served area should have a metered supply of water" be rescinded.

(7) To consider draft indenture of lease proposed to be entered into with the Toc H. Club authorities in connection with the Toc H. building and land. Draft approved.

(8) To obtain sanction for the reconveyance of premises Nos. 17 and 18, Deiyannewela to the parties named in the Council's Lawyer's report.—Recommend that the premises be reconveyed to the parties named in the Council's lawyer's report dated November 10, 1939.

(9) Report from the Works Engineer on the structural alterations and improvements necessary to premises No. 63, Trincomalee street to make the premises suitable for use as the Library. The Committee does not recommend that a lease be entered into.

(10) Verification of books in the Municipal Free Library. Mr. A. M. Mudannayake, retired Librarian, Municipal Free Library, was called upon to pay a sum of Rs. 209·58 representing the cost of books which were not accounted for by him at the time of his retirement. Mr. Mudannayake has asked for permission to liquidate the amount in instalments of Rs. 5 per month as he is not able to pay a bigger sum in view of the small pension he receives.—Recommend that Mr. Mudannayake be allowed permission to liquidate the amount by instalments of Rs. 5 per month provided he gives approved security to the extent of the claim. *(To be considered with item 55.)*

(11) Papers *re* the cancellation of the security bond of Mr. I. Baie, Librarian, Municipal Free Library.—Recommend that the security bond tendered by the Librarian's grandmother be released.

(12) To consider memo dated April 1 from the Medical Officer of Health regarding the upkeep of graves in perpetuity in the Mahayaya General Cemetery. The Committee does not recommend amendment of regulation relating to burials, burial fees, &c., and therefore the recommendation of the M. O. H. cannot be given effect to.

(13) Manufacture of tea-shooks. A sum of Rs. 2·50 is being charged by the Council for licences issued to places at which tea-shooks are manufactured. The charge has not been specifically sanctioned by the Government, nor is there a by-law declaring the manufacture of tea-shooks a dangerous and offensive trade. It is necessary to legalize the position by passing a by-law and prescribing a fee.—The Committee recommends that a by-law be framed declaring the manufacturing of tea-shooks a dangerous trade, and further recommends that a fee of Rs. 2·50 be imposed as annual licence fee. *(To be considered with item No. 56.)*

(14) To frame suitable regulations or by-laws for legalizing the two kinds of notices exhibited at 'bus halting places. The Committee recommends that regulations be framed to put the following suggestions into effect :—(1) That there be two kinds of notice boards be exhibited at 'bus stopping places, one kind of notice board lettered red being reserved for town 'buses and other 'buses which ply within a radius of 8 miles from the junction of Ward street and Trincomalee street. (2) That another notice-board lettered on green be reserved for country 'buses and main route 'buses not falling within the description at (1). (3) That it be made illegal for any 'bus to stop except at halting places indicated as above.

(15) To consider the application for the tenancy of property No. 714/715, Peradeniya road, vested in Council.—Recommend that Mr. A. R. M. Shariff's application to occupy the premises be allowed provided he agrees to pay the stipulated rent of Rs. 45 with effect from April 1, 1940. (*To be considered with item No. 57.*)

Extract from the Minutes of the Meeting of the Standing Committee on " Public Health, Markets and Sanitation " held on April 15, 1940.

(16) Market Fair Day.
